INSTRUCTIONS

CRITERIA		WEIGHTING	DESCRIPTION
1	Effectiveness	20 points	List the goals and measures of success. Have his/her/its efforts resulted in pollution reduction, waste reduction, saving ecosystems habitat, wildlife protection, environmental equity, environmental monitoring, <u>environmental awareness and education etc.?</u>
2	Innovation, Creativity and Originality	20 points	Discuss the methods, strategies, and innovative ideas that the nominee uses to address environmental challenges. Are the methods and results of his/her/its sustainable practices defined, measurable and replicated elsewhere? For example, community revitalization or rehabilitation of degraded <u>areas, alternative land use strategies to contribute to economic prosperity and improved quality of life</u>
3	Environmental Stewardship	20 points	Describe how the nominee/submission has contributed to working with others to improve the capacity of our ecosystems and natural environment to ecologically sustain us with resources for future generations. Has he/she/it brought about significant change in the area of social equity (diversity, health, tolerance and acceptance, community service, education, etc.)? Are his/her efforts resulting in permanent systemic changes to people's lifestyle and treatment of the environment? For example, the production, distribution and disposal of environmentally <u>friendly products and services</u>
4	Leadership	20 points	Discuss how the nominee/submission demonstrated vision, foresight, and persistence to improve environmental outcomes. Has he/she/its efforts resulted in collective partnerships of a larger group of people to support <u>and collaborate positive results for improving the specific fields of environment?</u>
5	Sustainability Elements	20 points	Describe how the nominee/submission has improved social, economic, and ecological <u>conditions.</u>
