World Water Day

Ma'asina Fagaloa
18th - 21st March, 2024

OBJECTIVE:

- To recognize and incorporate community perspectives, experiences and knowledge into the formulation of Watershed Management Plans and village by-laws for the protection and management of Maasina's water resources. This was followed by the construction of a P3D model of the village's catchment landscapes; and
- The community's aumaga, Aalii ma Faipule, along with the team from WRD-MNRE planted a total of 500 native seedlings during this activity as part of this year's World Water Day commemorations.

USAID awards grant to Field Ready to Strengthen Communities' Resilience and Preparation to Respond Effectively to Natural Disasters.

NEOC OFFICE, Tuanaimato
21st March, 2024

FOCUS:

Apia, Samoa– The U.S. government, through the United States Agency for International Development's Bureau of Humanitarian Assistance (USAID-BHA), has awarded Field Ready a project to reduce disaster risk in the Pacific Islands. By increasing local response capability, the program will prepare Pacific Island communities for future shocks more effectively. The two-year program entitled Rapid Response Manufacturing in the Pacific - Phase III, is set to assist at least 100,000 people across the Pacific, including 26,000 in Samoa.
