

Consultations on the Soil Resources Management Bill

Savai'i, 04th - 05th April 2024

The Ministry of Natural Resources and Environment through the Land Management Division and the Legal Services Division conducted the Savaii Community Consultation of the Soil Resources Management Bill 2024.

Objective: Promotion of Sustainable Management (SLM) practices and tools to ensure the sustainable use and management of soil resources and, the efficient utilization, acquisition and disposition of lands as a limited resource.

Mission of the Law: "Provides for the management of Soil Resources including the promotion of the sustainable management and use of soil resources, conservation of soil, and related purposes."

These consultations extended for two days, and both sessions were held on the big island of Savai'i in the villages of Iva (04th April) and Salelologa (05th April).

Building Our Loss and Damage (BOLD Response) Project Stakeholder Consultation

SPREP, Vailima 25th-28th March 2024.

The Ministry in collaboration with SPREP and its partner Climate Analytics (CA) conducted stakeholder sessions on a National Validation Workshop on the Building Our Loss and Damage (BOLD Response) Project.

The BOLD Project aims to strengthen the resilience of the Pacific Island States against climate-induced loss and damage. The primary purpose of this engagement is to collect and consolidate the views of stakeholders, their priorities including their needs and feedbacks.

Furthermore, the engagement aims to ensure feasibility, desirability and relevance of the final project design and its envisaged goals, activities and outcomes for the context in which the project is to be implemented.
